

# REFLEKT

## HIGH GLOSS ACRYLIC PANELS

*The revolutionary high gloss acrylic surface*

Discover the very best high gloss acrylic surface. Reflekt is a breakthrough product in high gloss acrylic panels. Reflekt delivers three innovations in high gloss surfaces:

- The most scratch resistant high gloss surface available.
- Impeccable surface consistency.
- Color richness that enhances depth and clarity.

### Scratch resistant

The result of European technology and manufacturing techniques.

### PureCore

A carefully selected MDF core material specified for **low surface variance**, so the Reflekt surface is not flawed by substrate imperfections.

### Class 100 clean room laminating environment

Guarantees that Reflekt is as close to a perfect product as technologically possible.

### UV stabilized

For lifetime color depth, retaining original luster.

### Selection and stock

16 colors in stock, 4' x 8' panels, 1/4" – 3" in thickness.

### Process Intelligence

#### *The story behind the finish.*

Process Intelligence is the convergent manufacturing system developed by Premier EuroCase. Raw materials are selected and tested to certify optimum quality, then next generation technology is combined with precision tooling and merged with synchronized manufacturing processes. The product is produced with accuracy, quality, and unmatched manufacturing speed. The result is a world-class product with remarkable consistency.
