

THE MDF SPECIALIST

High-Quality TRUPAN MDF

Offers the perfect blend of physical-mechanical characteristics. Ideal for furniture making and interior design applications.

TRUPAN MDF is manufactured using pine fiber grown in ARAUCO's sustainably managed forest plantations. TRUPAN MDF has a homogeneous surface and excellent sanding finish. It also offers a uniform color and consistent density profile. TRUPAN MDF combines outstanding physical mechanical properties with exceptional machining characteristics, making it an ideal choice for furniture making and interior design applications.

QUALITY
SUSTAINABILITY

TRUPAN Standard

Product Features

- Exceptional machinability
- Uniform color
- Smooth, homogenous surface
- Wide variety of thicknesses
- Consistent density profile
- Routing
- Suitable Thin Thickness Products (sanded and not sanded)

Applications

- Furniture
- Interior design
- Doors
- Display fixtures
- Laminating

TRUPAN Light

Product Features

- Exceptional machinability
- Uniform color
- Smooth, homogenous surface
- Lightweight
- Routing
- Consistent density profile

Applications

- Furniture
- Cabinets
- Interior design
- Mouldings
- Doors
- Lamination substrate
- Display fixtures
- CNC Spoilboards

TRUPAN Ultralight

Product Features

- Extremely lightweight
- Uniform color
- Consistent density profile
- Extra-smooth sanding
- Lower tool wear
- Reduced finished good transportation cost
- Available in thicknesses up to 50mm

Applications

- Furniture
- Mouldings
- Picture frames
- Doors
- Lamination substrate
- Display fixtures
- CNC Spoilboards

Notes:
 • For panel sizes and other thicknesses, please contact panels@arauco.cl or your TRUPAN sales representative. • Formaldehyde emission classes available: Carb II, E1 and E2. • Thickness tolerance: +/- 0.20 mm. • For Certifications please download at www.trupan.com

ARAUCO

For more than 45 years, ARAUCO has been driven forward by its vision of being a global leader in the development of sustainable forest products, which has allowed us to become one of the largest and most respected forestry companies in the world.

ARAUCO's success is based on satisfying our customers with quality products and services while balancing the company's needs with those of our employees, the environment, and the people who live near our facilities and plantations. This is the starting point for the responsible and efficient management of our natural resources, the occupational health and safety of our workers and our active contribution to social development and welfare in the communities in which we operate.

All ARAUCO-branded products originate in sustainably managed plantation forests in Chile, Brazil, Argentina and Uruguay. No native forest wood or genetically modified trees are used to produce any ARAUCO product.

ARAUCO operates MDF mills in Argentina, Brazil, Canada, Chile and USA.
